

Autoclaves for Laboratory Use

Exclusive distributor of
LTE Scientific Autoclaves

Exclusive distributor of LTE Scientific Autoclaves

As exclusive distributor of LTE Scientific autoclaves in Ireland, we supply a wide range of multi-purpose lab autoclaves to laboratories for applications ranging from laboratory waste to glassware to hazardous materials.

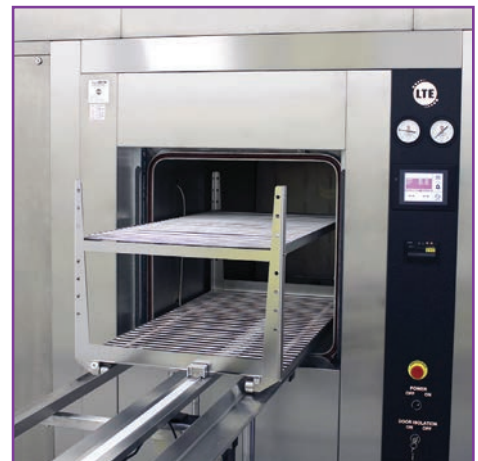

Our autoclave customers include institutions in academia & research, and companies in the healthcare, pharmaceutical, and nutrition & beverage sectors.

Additionally, we offer a wide range of services including installation and validation services, calibration, and ongoing service and repairs.

INSTALLATION AND VALIDATION SERVICES

- Equipment validation services including Installation Qualification (IQ), Operational Qualification (OQ), and Performance Qualification (PQ)
- Our PQ service is tailored to the customer specific applications of the autoclave
- Validation documentation can be customised to meet customer specific requirements

SERVICE AND REPAIR

- Service and repair of Mason Technology and third party supplied autoclaves from manufacturers including Tuttnauer, Priorclave, Astell, Panasonic, Tomy and JP Selecta
- Efficient turnaround on repairs facilitated by our comprehensive stock of autoclave spare parts
- Calibration of autoclaves including calibration certified to INAB (ISO 17025) standards
- Assist insurance surveyors with autoclave inspections including safety valve lift tests and steam generator inspections

Why choose Mason Technology?

- Sole distributor of LTE Scientific autoclaves in Ireland
- Experienced and highly trained autoclave sales specialists will offer expert guidance on the autoclave that best meets your needs with consideration to the application, the required capacity, the type of chamber required, and the heat source
- Service engineers are factory trained by multiple autoclave manufacturers
- Service engineers can complete servicing, calibration, and validation in one visit reducing the need for multiple site visits
- Flexible service level agreements (SLA) that can be tailored to your own requirements

SmartCert software, designed and developed by Mason Technology for the generation of certificates during the calibration process.

Our ISO Certifications

- **ISO 17025:** General Requirements for the Competence of Testing and Calibration Laboratories
- **ISO 9001:** Quality Management Systems
- **ISO 14001:** Environmental Management System
- **ISO 45001:** Occupational Health & Safety Management System
